Navigate AI Safely

Key Questions for Informed Decisions and Privacy Protection

1 Data Usage and Consent

- What data is being used to train the generative AI model?
- Have I consented to the use of my data for training the AI model?
- Is my data anonymized or de-identified to protect my privacy?

2 Privacy Protections

- How is my personal information protected from unauthorized access or breaches?
- Are there measures in place to ensure the security and confidentiality of my data?
- Can I trust that my privacy is being respected throughout the AI-generated content creation process?
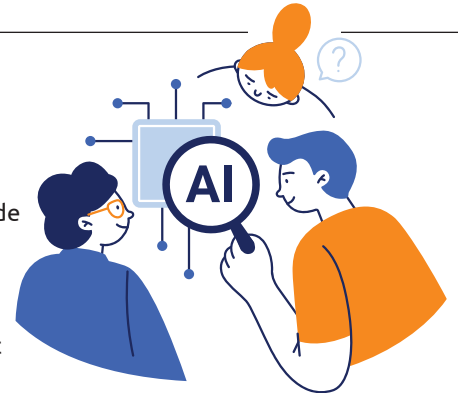

3 Bias and Fairness

- How does the AI model address biases and ensure fairness in the generated content?
- Can I trust that the AI-generated content is free from biases or stereotypes?
- Is there transparency about how biases are addressed in the development and deployment of the AI model?
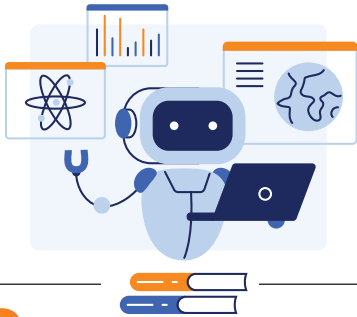

4 Control Over Data

- Do I have control over the data I provide to the generative AI platform?
- Can I opt out of having my data used for training the AI model?
- What rights do I have over the content generated from my data?

5 Transparency and Accountability

- Is there transparency about how the generative AI technology works and how it generates content?
- Who is accountable for ensuring the ethical and responsible use of the AI technology?
- Are there mechanisms in place for reporting concerns or issues related to the use of generative AI?
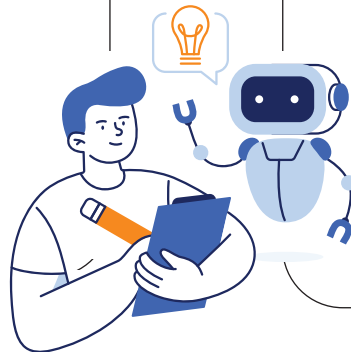

6 Regulatory Compliance

- Does the generative AI platform comply with relevant data protection regulations, such as GDPR or CCPA?
- Are there privacy policies and terms of service that outline how my data will be used and protected?

7 Risk Assessment

- What are the potential privacy risks associated with using generative AI, and how are they mitigated?
- Are there measures in place to monitor and address any privacy concerns that may arise?

8 Data Ownership

- Who owns the content generated by the AI model?
- Do I retain ownership of my data and the content generated from it?
- Are there limitations on how my data and the generated content can be used by the platform or third parties?
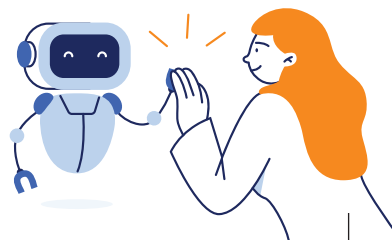

9 User Empowerment

- Does the generative AI platform provide tools or settings for controlling the type and amount of data shared?
- Can I easily delete or remove my data from the platform if I no longer wish to use it?

10 Education and Awareness

- Is there information available to help me understand the implications of using generative AI and how to protect my privacy?
- Are there resources or support channels for addressing privacy-related questions or concerns?
